Preparing Lives for Ministry

The program is designed to equip care-givers, Christian leaders and pastors to be more effective counselors by integrating personal growth and professional development. The program will incorporate theoretical reflection, understanding of issues and practical counseling skills, understanding of the self, group processes and theological reflection.

Christian Heritage College (CHC) is a Christian higher education institution that provides fully accredited university level degree and diploma courses. This partnership is rooted in their commitment to help produce effective counselors with a solid Christian foundation, particularly for South-East Asia.

The Diploma is conferred by Bible College of Malaysia only and is not a twinning program with CHC. However, students have the option to transfer their credits to CHC.

Lecturers

Most of the modules will be taught by academically qualified lecturers from CHC or local lecturers who combined professional experience with Christian leadership and service.

Academic Credit

The Diploma in Counseling Studies may be equivalent to one year of full-time study for the Bachelor of Social Science (Counseling) at Christian Heritage College (subject to the entry requirements at CHC).

The credits from this program can also serve as the course requirements for a Counseling track for the Bachelor of Theology program at BCM.

Program Structure

The Diploma in Counseling studies is a two-year modular program that requires 24 trimester credits or 8 modules. Each module is of five days duration, from Monday to Friday.

Class Schedule

Monday to Friday 8.00 am to 1.00 pm.
